

Patient Safety Organization (PSO)

Federally certified PSO for handling and protecting the data reported, analyzed, assessed, and acted upon within the Patient Safety Monitor™ suite of analytics applications.

Type: Professional Service

ID: 2873

Revised: 2018-10-08

The HC PSO Membership services include:

- Semi-weekly all-cause patient safety data reviews for trends, dissemination of learnings, and identification of improvement opportunities.
- HC PSO quarterly visits with executives and unit directors to consult on improvement in safety culture, best practices, and care outcome improvement within the organization. One and a half days on-site two times annually, and remote two times annually.
- Work with client counsel for patient specific HC PSO data retrieval in case of legal challenge and data grievance handling.
- Safety governance consultation and one patient safety collaborative participation (starting in 2019).

Our approach

Benefits and features

- **Reduce harm and save lives under full federal protection.** - Enables clinicians to surface information on harm event, plan interventions and take action without the fear of legal discovery.
- **Share experience with peer organizations.** - Share experience, improvement ideas, and measure success with other Health Catalyst PSO organizations.
- **Take advantage of nation-wide experience and perspective.** - Learn from depth of experience of our experts as well as health systems facing similar challenges.
- **Keep your data secure using state-of-the-art hardware, software, and handling facility .** - Segregates all-cause patient safety data to the latest server technology and the strictest security protocols, in accordance with federal PSO regulations.
- **Simplify by keeping your analytics and PSO protection under one roof .** - National leader in healthcare analytics, widely known for delivering measurable and sustainable improvements across the patient safety spectrum.
